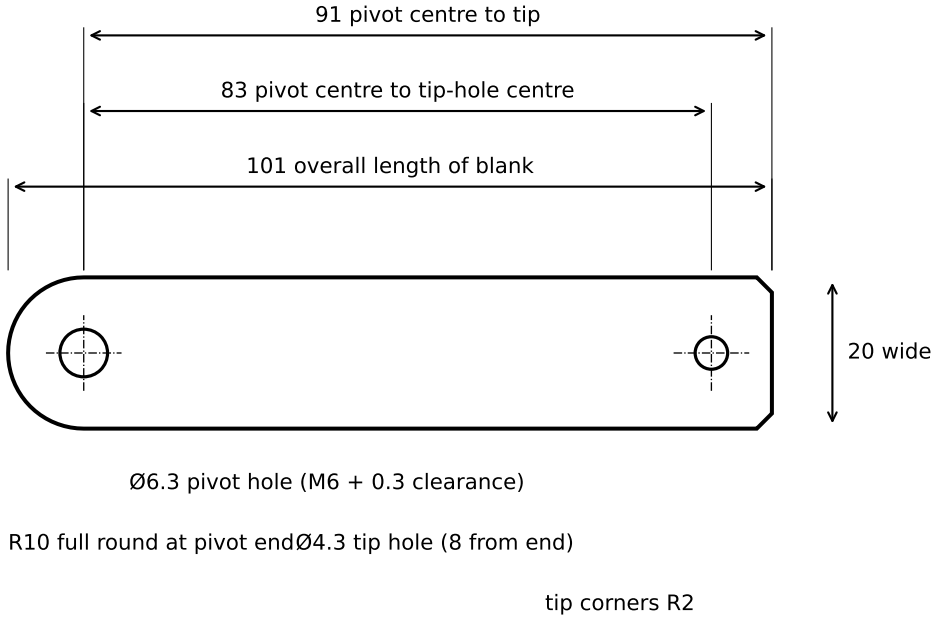
SNAP TRAINER - STEEL ARM (cut from flat bar)

Material: flat steel bar 20 x 3 mm (mild steel / stainless). Length of blank: 101 mm.

Drawn 1:1 on A4 landscape - print at 100% / 'actual size' to use as a template. Dimensions in mm.

Deburr all edges. Hole tolerance as drawn; do not enlarge the pivot hole (0.3 mm clearance is deliberate).



Side view: bar thickness 3 mm. Both holes drilled straight through the 3 mm face.
